RE: Termination of Registry Sheet No.  
TX0186D116B and issuance of  
Registry Sheet No. TX0186D801B

Dear Ms. Kime:

Berthold Systems Inc. out of Houston, Texas has terminated their Texas Radioactive Material License (L04597). Associated with that license was Registry Sheet TX0186D116B. Berthold Systems' records indicate that none of these devices were ever distributed. We have issued a new Registry Sheet for the inactive device (TX0186D801B). Please remove Registry Sheet TX0186D116B from the Registry and replace it with Registry Sheet TX0186D801B. We would also appreciate you distributing copies of this sheet to the other State Programs and NRC Regions, as appropriate.

Thank you for your cooperation and efforts.

Sincerely,

Floyd R. Hamiter, Project Leader

Division of Licensing, Registration  
and Standards
