Ms. Carol Ann Reed,

I received your name from the NRC as the person to contact for information regarding a Freedom of Information (FOI) request. I am in the process of performing a Phase I Environmental Site Assessment for a site that is listed on the Material Licensing Tracking System (MLTS). I was inquiring the status of the site and information as to what type of source was used, if and when it was removed, and any documentation that would verify the source was removed. Any information regarding this issue would be greatly appreciated. The address of the subject site is listed below. Thank you.
