Mr. Roland G. Fletcher, Manager  
Radiological Health Program  
Air and Radiation Management Administration  
Maryland Department of the Environment  
2500 Broening Highway  
Baltimore, MD 21224

Dear Mr. Fletcher:

As requested, we have reviewed the proposed amendments to the Maryland regulations (Supplement 7) enclosed in your August 17, 2000 letter. The proposed regulations are in response to the three amendments identified in the enclosed Regulation Assessment Tracking System (RATS) Data Sheet. The regulations were reviewed by comparison to the equivalent NRC regulations in 10 CFR Parts 20, 30, 34, and 35. We also discussed our review of the regulations with Ray Manley on September 22, 2000.

As a result of our review we have two comments that have been identified in the enclosure. Please note that we have limited our review to regulations required for compatibility and/or health and safety. Under our current procedure, a finding that a State regulation meets the compatibility and health and safety categories of the equivalent NRC regulation may only be made based on a review of the final State regulation. However, we have determined that if your proposed regulations were adopted incorporating the comments and without other significant change, they would meet the compatibility and health and safety categories established in the Office of State and Tribal Programs (STP) Procedure SA-200.

We request that when the proposed regulations are adopted and published as final regulations, a copy of the "as published" regulations be provided to us for review. As requested in STP Procedure SA-201, *Review of State Regulations*, please highlight the final changes and send one copy in a computer readable format, if possible.

We have also summarized on the RATS Data Sheet our knowledge of the status of other Maryland regulations. Please let us know if you note any inaccuracies or have any comments on the information contained in the RATS Data Sheet.

If you have any questions regarding the comments, the compatibility and health and safety categories, or any of the NRC regulations used in the review, please contact me or Duncan White at (610) 337-5042 or [adw@nrc.gov](mailto:adw@nrc.gov).

Sincerely,

**COMMENTS ON PROPOSED MARYLAND REGULATIONS  
AGAINST COMPATIBILITY AND HEALTH AND SAFETY CATEGORIES**

State Regulation	NRC Regulation	RATS ID	Category	Subject and Comments
Sec. A.2	20.1003	1997-6	C	<p>Definitions</p> <p>The definition of "Decommissioning" did not include the release of the property under restricted conditions and termination of the license.</p> <p>Unless the omitted portion of the definition is incorporated, the regulation would not meet the compatibility category.</p>
Sec. A.2	20.1003	1997-6	B	<p>Definitions</p> <p>The definition of "Residual Radioactivity" was omitted.</p> <p>Unless the omitted definition is adopted, the regulation would not meet the compatibility category.</p>

1. (Y/N) Y means "Yes," there are comments in the review letter that the State need to address. N means "No," there are no comments in the review letter.
2. Or other generic Legally Binding Requirement.
3. Not required means these regulations are not required for purposes of compatibility.
4. A State need not adopt a specific regulation if the State has no licenses that would be subject to that regulation. See: "Final Policy Statement on Adequacy of Agreement State Programs," III.1. Time Frame for Adoption of Compatible State Regulations, p.6, SECY-95-112, May 3, 1995.
