Ladies/Gentlemen:

ENDORSEMENT AND ADOPTION OF LICENSING ACTIONS
DOCKETS 50-263, 50-266, 50-282, 50-301, 50-305, 50-306, 50-331, 72-05, and 72-10

By letters dated May 15, 2000, the Nuclear Regulatory Commission issued Orders approving the transfer of operating authority under facility operating licenses for Duane Arnold Energy Center, Monticello Nuclear Generating Plant, Prairie Island Nuclear Generating Plant, Kewaunee Nuclear Power Plant, and Point Beach Nuclear Plant, to Nuclear Management Company, LLC. The Nuclear Regulatory Commission also approved the transfer of operating authority under the materials license for the Prairie Island Independent Spent Fuel Storage Installation to Nuclear Management Company, LLC. Conforming license amendments were issued and made effective on August 7, 2000, which completed the transfer of operating authority.

Prior to transfer of operating authority to Nuclear Management Company, LLC, IES Utilities, Inc., Northern States Power Company, Wisconsin Public Service Corporation, and Wisconsin Electric Power Company, acting as the previous licensed operators, made docketed submittals to the Nuclear Regulatory Commission which requested specific licensing actions. These licensing actions include items such as license amendments, relief requests, and exemption requests.

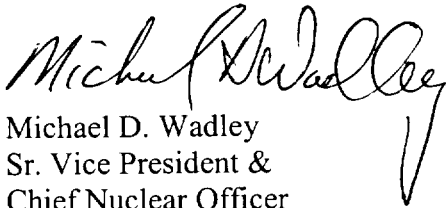

Nuclear Management Company, LLC endorses and adopts docketed submittals made by the previous licensed operators. We request that the Nuclear Regulatory Commission continue to process and disposition licensing actions previously docketed and requested by IES Utilities, Inc., Northern States Power Company, Wisconsin Public Service Corporation, and Wisconsin Electric Power Company.
