Dear Ms. Baum:

This is in response to your telephone call of October 4, 2000, in regard to whether or not the Missouri Department of Health has a contract with your agency.

According to Jeff Augustin, chief of the Department of Health's Bureau of Grants and Contracts, the Department is receiving money provided by the Callaway Nuclear Power Plant and the Cooper Nuclear Station through the State Emergency Management Agency (SEMA) to support the Department's Radiological Health Emergency Response activities.

I hope this information is helpful to you. If you have any further questions, please call me at 573/751-6059, or Gary McNutt, interim chief of the Section of Environmental Public Health, at 573/751-6102.

Sincerely,

Mary M. Hoskins, Chief
Office of Personnel
