SUBJECT: MONTICELLO NUCLEAR GENERATING PLANT - MAIL DISTRIBUTION LIST

Dear Mr. Nelson:

The NRC periodically reviews the Monticello Nuclear Generating Plant mail distribution list with the objective of reducing the amount of mail the Federal government has to generate.

The Commission has recently revised its provisions for members of the public to obtain access or copies of its records. In the past, the NRC furnished paper and microfiche copies of its publicly available records to the NRC Public Document Room (PDR) and to the Local Public Document Rooms (LPDRs), which were located near nuclear power plants and other nuclear facilities. The LPDR program has been discontinued. In the interest of providing wider public access at greater efficiency and economy, however, the NRC has implemented the Agencywide Documents Access and Management System (ADAMS), which permits electronic storage, retrieval, and on-line ordering of publicly available NRC records through the NRC web site.

Publicly available NRC records since November 1, 1999, are accessible electronically from the ADAMS Public Library component (the Public Electronic Reading Room) on the NRC web site, <http://www.nrc.gov/NRC/ADAMS/index.html>. Copies of electronic records may be obtained by printing them from the NRC web site or by ordering them from the PDR. Copies of pre-ADAMS paper and microfiche records are also available from the PDR. Information and service to offsite PDR users is available by calling 301-415-4737 or 1-800-397-4209, Monday through Friday between 8:30 a.m. and 4:15 p.m. eastern standard time; faxing to 301-415-3548; transmitting to Internet address [pdrc@nrc.gov](mailto:pdrc@nrc.gov); or writing to the U.S. Nuclear Regulatory Commission, Public Document Room, Washington, D.C. 20555-0001. Users should include a phone number in all textual communication to facilitate prompt followup by PDR staff, as necessary.

Please write a brief note, addressed to Ms. R. Bouling, U.S. NRC, Mail Stop O-8H2, Washington, D.C. 20555, indicating your continued desire, if any, to remain on the mail distribution list. Please respond by November 6, 2000. Should you wish your name to be taken off the list, you need take no further action. Thank you for your attention to this matter.

Sincerely,
