Michelle,

Their connecticut possession license was terminated in February 1999, after all sources were reported to be returned to NRD in New york.

Our last contact number for the former president, Lawrence Lussier, was at his new place of employment in Manhattan, a company called Simplex. That number was 212-358-2262.

Does this mean that the SSD review you are doing is almost 2 years old?

Betsy
