Sr. Vice President and Chief Nuclear Officer
Nuclear Management Company, LLC

SUBJECT: CORRESPONDENCE SERVICE LISTS

Dear Mr. Wadley:

Thank you for your letter dated September 28, 2000, which provided updated correspondence service lists for the Duane Arnold, Kewaunee, Monticello, Point Beach, and Prairie Island nuclear power plants, which are all operated by Nuclear Management Company, LLC. The Nuclear Regulatory Commission (NRC) staff will revise the current service lists in accordance with your letter with the following exceptions. In the interest of reducing the amount of mail the Federal government has to generate, one copy of the correspondence will be sent to each location. Your staff may then reproduce and distribute the correspondence as desired. For the plant site, the copy will be sent to the site licensing manager. In addition, except for senior officials (i.e., president and chief operating officer, site general manager), copies of correspondence will be addressed to the staff position (i.e., site licensing manager, nuclear asset manager) rather than to a particular individual, in order to minimize the number of revisions to the list when individuals change. Copies of the new service lists are enclosed for your information.

As a reminder, publicly available NRC records since November 1, 1999, are accessible electronically from the Agencywide Documents Access and Management System (ADAMS) Public Library component on the NRC web site, <http://www.nrc.gov/NRC/ADAMS/index.html> (the Public Electronic Reading Room). Copies of electronic records may be obtained by printing them from the NRC web site or by ordering them from the NRC Public Document Room (PDR). Copies of pre-ADAMS paper and microfiche records are also available from the PDR. Information and service to offsite PDR users is available by calling 301-415-4737 or 1-800-397-4209, Monday through Friday between 8:30 a.m. to 4:15 p.m. eastern standard time; faxing to 301-415-3548; transmitting to Internet address pdr@nrc.gov; or writing to the U.S. Nuclear Regulatory Commission, Public Document Room, Washington, D.C. 20555-0001. Users should include a phone number in all textual communication to facilitate prompt followup by PDR staff, as necessary.

M. Wadley

If you wish for someone other than the site licensing manager at the plant to receive the copy of the correspondence, if you have a compelling reason why more than one copy of the correspondence should be sent to a location, or if you have any questions regarding this matter, please contact me by November 6, 2000, at 301-415-2296.

Sincerely,

/RA/
