**Subject: Request for Renewal of Certificate of Compliance for the TRIGA-1
(CoC No. USA/9034/AF) and the TRIGA-2 (CoC No. USA/9037/AF)
Shipping Casks**

Dear Mr. Leeds:

General Atomics (GA) holds valid Certificates of Compliance (CoC) for its Model Nos. TRIGA-1 (CoC No. USA/9034/AF) and TRIGA-2 (CoC No. USA/9037/AF) shipping containers which are due to expire on December 31, 2000.

GA anticipates continued need of these packages for the transport of radioactive materials for the next several years. As such, GA hereby submits an application for the renewal of the Certificates of Compliance for an additional five year term.

The sections on operating procedures, acceptance tests, and maintenance programs have been reviewed to assure they are complete and current. No revisions were necessary. If you should have any questions regarding this matter, please contact me at (858) 455-2823.

Very truly yours,
