Perry Inspections 1999-14, and 15 missing

During my database audit of the NRC Inspection Reports issued in 1999, I found Perry Inspections 1999-14, and 15 missing from the sequence. A PDR (BRS and Adams) search did not find the inspections. Have these inspections been cancelled? If not, please forward a copy for my database input and forward a copy to PDR. Thank you.

Have a nice day. Jim
