NOTE TO ETOU GOULBOURNE

I have reviewed the operating license for Three Mile Island, Unit 1, and find that it is acceptable with the understanding from Mr. St. Mary that condition f of the FES will be added to 5.6.2.e. of Appendix B. In addition, it is requested that Mr. Douglas Baker and Miss Mary V. Southard be added to the distribution list since I had an understanding with them that they would continue to get important material relative to the facility.
