re: ERRATA to Proprietary Comments on the Draft Environmental Impact Statement for the Construction and Operation of an ISFSI on the Reservation of the Skull Valley Band of Goshute Indians and the Related Transportation Facility NRC Docket No. 72-22, ISFSI, Private Fuel Storage, LLC

Dear Mr. Meyer:

Yesterday the State filed the above mentioned proprietary comments on the DEIS (NUREG-1714) for the PFS facility that is the subject of Docket No. 72-22.

Today the State discovered that it had omitted to make an editorial change in the comments.

Enclosed is an errata sheet and corrected page two, and page three as well, because the correction affected page three, to the State's proprietary comments. Please replace the original pages two and three from your paper copy (that was sent to you by Federal Express yesterday, and that you should receive today) with the enclosed corrected pages.

We regret any inconvenience this omission may have caused.

Sincerely,

Connie Nakahara
