Subject: Braidwood Station Security Plan, Revision 50

In accordance with 10 CFR 50.54 (p)(2), "Conditions of licenses," we are submitting a change to the Commonwealth Edison (ComEd) Company Braidwood Station Security Plan. In accordance with 10 CFR 50.4(b)(4), "Security plan and related submittals," attached are the original and three (3) copies of the Braidwood Station Security Plan, Revision 50.

Revision 50 includes the following change.

A change was made to the Braidwood Station Security Plan, Section 9, "Entrance Searching," to add clarification regarding the methods used to control material/equipment that is being transferred between Stations' Protected Areas. The change includes an enhanced description of the control devices, storage limitations, and patrol frequencies.

As required by 10 CFR 50.54(p)(2), we have concluded that this change does not decrease the safeguards effectiveness of the Braidwood Station Security Plan.
