Subject: Comments on NRC Operator Licensing

Below is the result of your feedback form. It was submitted by John Fay (jfay@health.org) on Wednesday, October 4, 2000 at 07:53:41

Comments: I am extremely disappointed to learn that the NRC intends to extend the licensing of nuclear power generators for 20 years with only a cursory nod to its bosses, the citizens of the United States. Please extend for at least another month the opportunity for citizens to learn about and make their wishes known about the licensing.
