Subject: Comments on NRC Operator Licensing

Below is the result of your feedback form. It was submitted by  
Sherry Freeman (shfree3@aol.com) on Thursday, October 5, 2000 at 00:33:18

Comments: I am writing to comment on your agreement to extend the usage and licensing of old nuclear reactors for another 20 years instead of decommissioning them. I am opposed to such an action and feel strongly that it is too risky to the health and well-being of the environment and human life. I urge you to extend the comment period for this issue past the October 16th deadline that is now set.
