Subject: Comments on NRC Operator Licensing

Below is the result of your feedback form. It was submitted by Susan Daniels (sdaniels@vt.edu) on Friday, October 13, 2000 at 16:16:07

Affiliation: Virginia Tech

Comments: I respectfully urge you to:

- (1) prolong the public comment period beyond October 16 to allow more people to express their views.
- (2) hold public meetings about the proposed 20 year extension.
- (3) deny the proposal for an extra 20 years for nuclear reactors because of safety concerns and for environmental protection.
