Subject: Comments on NRC Operator Licensing

Below is the result of your feedback form. It was submitted by
Kathy Melmoth (melmoth@dmci.net) on Tuesday, October 17, 2000 at 11:58:07

Comments: Please involve the public and hold public hearings regarding the 20 year extension on nuclear reactors. I am deeply concerned after accidents here, in Russia and in Japan. I am an RN and to my knowledge, there are no protections for the population in the event of an accident. Please involve us.
Sincerely, Kathy Melmoth
