Donald A. Cool, Director  
Division of Industrial and Medical Nuclear Safety  
Office of Nuclear Material Safety and Safeguards  
United States Nuclear Regulatory Commission  
Washington, D.C. 20555-0001

Dear Mr. Cool:

Attached is an amended SS & D safety evaluation registration for the Washington State licensed device manufacturer, known now as EDAX Portable Products Division (PPD), License Number WA-I0282-1. This company was formerly known as C-Thru Technologies Corporation and before that they were called Scitec Corporation. The amended registration is for the MAP 4 Series, x-ray fluorescence devices, previously given registration number WA-0653-D-106-B.

This registration dated October 10, 2000, should replace the previously amended registration, dated July 24, 2000, in the master database.

Thanks for your cooperation with this matter.

Sincerely,

Arden C. Scroggs, Manager  
Industrial Licensing and Compliance
