In the Matter of
CAROLINA POWER & LIGHT COMPANY
(Shearon Harris Nuclear Power Plant)
Docket No. 50-400-LA, ASLB No. 99-762-02-LA

Dear Ms. Curran;

Last week you informed me that the PDR could not locate several references cited in NUREG-1150, Appendix C, section C.6 (References No. C.6.4 through C.6.8 and C.6.10). Per your request, I have located three of those references - C.6.5, 6 and 10 - copies of which are attached hereto. It is my understanding that the PDR will provide you with copies of C.6.1 through C.6.3.

Sincerely

A handwritten signature in cursive script, appearing to read "Susan L. Uttal".
