Docket No. 334

Mr. J. J. Carey, Vice President
Duquesne Light Company
Nuclear Division
Post Office Box 4
Shippingport, PA 15077

Dear Mr. Carey:

SUBJECT: REVISED CHANGE PAGES TO YOUR PROPOSED CHANGE REQUEST NO. 86,
REV. 3

By letter dated July 3, 1984 you submitted Revision 3 to Change Request No. 86. The subject of the request is on conditions under which the safety action of protection system channels are manually bypassed or blocked by the protection system logic.

On September 5, 1984 a phone conversation was held between Mr. R. Ireland of your staff, and T. Dunning, and P. Tam of NRC. We suggested a number of changes to your July 3 submittal (see marked up pages enclosed). Please review these pages and inform us, in writing within 30 days of receipt of this letter, if you agree with these changes to your submittal. Feel free to contact your Project Manager, Mr. Peter Tam, regarding this matter.

Sincerely,

/s/SVarga

Steven A. Varga, Branch Chief
Operating Reactors Branch #1
Division of Licensing
