Interested Persons on Application for Order and Conforming Amendments for  
License Transfer

The Millstone Station Employee Association has been organized to obtain complete and accurate information on the sale of Millstone Station by Northeast Utilities to Dominion Resources, and disseminate that information to the station employees. To aid in that endeavor, would you consider our organization an "interested person" as outlined in 50.80(c), and provide us with appropriate information relative to the license transfer.

Also, as the regulation refers to the procedure for license transfer as a process dictated by the commission, please provide us with a copy of the procedure, or indicate where a copy of the procedure or process can be located.
