U.S. Nuclear Regulatory Commission
ATTN: Document Control Desk
Washington, D.C. 20555

Gentlemen:

In the Matter of) Docket No. 50-390
Tennessee Valley Authority)

WATTS BAR NUCLEAR PLANT (WBN) UNIT 1 - SECURITY TRAINING AND
QUALIFICATION PLAN (T&Q)

Pursuant to 10 CFR 50.54(p) (2), this letter provides Revision 4 to the WBN T&Q Plan which supersedes the T&Q Plan dated September 20, 1999, and subsequently submitted November 3, 1999. The enclosed Revision 4, dated October 2, 2000, rewords the Safeguards Information portion so it is no longer considered Safeguard Information. This action was taken to be consistent with the other TVA nuclear plant T&Q Plans. TVA does not consider this revision to decrease the overall effectiveness of the plan.

Enclosed are four copies (Nos. 6 through 9) assigned to the NRC. Copies 10 and 11 are being provided to Region II by copy of this letter. The information is being sent by certified mail, and the signed receipt will signify NRC's receipt of this information and acknowledgment that it contains information which TVA is requesting to be withheld from public disclosure pursuant to 10 CFR 2.790(d) (1). This receipt will also provide verification to TVA that the superseded WBN T&Q Plan, Revision 3, dated September 20, 1999, will be destroyed and replaced by the enclosed T&Q Plan, Revision 4, dated October 2, 2000.
