Mr. Ronald Hauber
Deputy Director
Office of International Programs
U.S. Nuclear Regulatory Commission
11555 Rockville Pike
Rockville, Maryland 20852-2738

Dear Mr. Hauber:

Solutia would like to amend NRC license XSOU8738 (expires 10/1/2001) to remove the country of India and to add the countries of Romania and Venezuela. In addition Solutia would like to increase the quantity of depleted uranium from 467,544.0 Kg to 600,000 Kg and extend the expiration date for our export license from 10/1/2001 to 10/1/2006. This license covers the *non-nuclear* end use of depleted uranium for a commercial catalyst for manufacturing acrylonitrile. Enclosed, please find a check for \$1100 US to cover these license changes.

The potential customers for each country, the quantities of catalyst, and the depleted uranium required by each plant are shown in the enclosed Solutia Confidential information.

If you have any questions, please feel free to contact me, Charles W. Rooks at 281-228-4511. or Daniel C. Charles at 281-228-4228.

Sincerely,

Charles W. (Mickey) Rooks
