Dear David Meyer and staff,
Please register my absolute opposition to the sale or release of any radioactive soil for any reason. I am deeply concerned about the carcinogenic and other dangerous effects to humans, animals, and plants. It crucial that radioactive soil be kept out of yards and playgrounds.
I would appreciate it if you would respond to this e-mail as soon as possible to let me know you received my comments. I'm interested in hearing what you're doing to protect my grand-children and yours from radioactive poisoning.
Most sincerely,
Lisa-Marie DiVincent
