Mr. Terry C. Frazee, Supervisor  
Radioactive Materials Section  
Division of Radiation Protection  
Washington Department of Health

P.O. Box 47827

Dear Mr. Frazee:

As requested, we have reviewed the proposed Washington regulations: WAC 246-220-060, Violations, and WAC 246-232-014, Exemption of C-14 urea diagnostic capsules for human use, dated September 26, 2000. The proposed regulations are in response to the two amendments identified in the enclosed Regulation Assessment Tracking System (RATS) Data Sheet. The regulations were reviewed by comparison to the equivalent NRC regulations in 10 CFR Parts 30, 40, 61, 70, and 150. We also discussed our review of the regulations with you on October 10, 2000.

As a result of our review we have no comments. Please note that we have limited our review to regulations required for compatibility and/or health and safety. Under our current procedure, a finding that a State regulation meets the compatibility and health and safety categories of the equivalent NRC regulation may only be made based on a review of the final State regulation. However, we have determined that if your proposed regulations were adopted without significant change, they would meet the compatibility and health and safety categories established in the Office of State and Tribal Programs (STP) Procedure SA-200.

We request that when the proposed regulations are adopted and published as final regulations, a copy of the "as published" regulations be provided to us for review. As requested in STP Procedure SA-201, *Review of State Regulations*, November 10, 1998, please highlight the final changes and send one copy in a computer readable format, if possible.

We have also summarized on the RATS Data Sheet our knowledge of the status of other Washington regulations. Please let us know if you note any inaccuracies or have any comments on the information contained in the RATS Data Sheet.

If you have any questions regarding the comments, the compatibility and health categories, or any of the NRC regulations used in the review, please contact me or Vivian Campbell of the Region IV staff at (817) 860-8143 or VHC@NRC.GOV.

Sincerely,

***/RA by Paul H. Lohaus for/***
