Downers Grove, IL 60515

Dear Mr. Kingsley:

This is to notify you of a change from our letter dated March 13, 2000, in which we informed you that we had tentatively scheduled an initial licensing examination for calendar year 2001 for your operator license applicants at the Quad Cities Nuclear Power Station. In response to a verbal request from your staff and confirmed in a telephone conversation on September 28, 2000, between Mr. D. Snook and Mr. H. Peterson, we have changed the examination dates. The examination is now tentatively scheduled only for the week of August 6, 2001. In addition, the NRC will make an examination validation visit to your facility the week of July 16, 2001.

A supplementary letter will be sent to the training department approximately 120 days prior to the examination outlining examination security expectations, listing the materials required the NRC to conduct the examination, reconfirming the examination dates, and reconfirming the number of candidates you have in the training program. If you have any questions concerning this information, please contact Mary Ann Bies of my staff at 630-829-9711.

Sincerely,
