Dear Mr. Passetti:

Enclosed is the course examination for two members of your staff who attended the following course:

Inspection Procedures Course (G-108)  
Orlando, Florida - September 11-15, 2000

The course examination results indicate that the individuals did not meet the minimum standard for successful completion of the course, which is a grade of 70%. The NRC policy on successful completion of NRC training for Agreement States was sent to you by letter dated November 20, 1996 (SP-96-118). For your information, NRC does not consider its staff qualified until, at a minimum, the exams for required courses are successfully completed. Non-qualified NRC staff are not permitted to conduct independent inspections and license reviews in areas where they have not successfully complete the minimum training requirements.

One final-re-examination may be requested by the student's management. Upon receipt of an e-mail request addressed to Leonard Reidinger (e-mail address [LJR@NRC.GOV](mailto:LJR@NRC.GOV)), arrangements will be made to mail an examination along with instructions for administration to the individuals' supervisor during a future scheduled training course.

If you need additional information, please contact me at 301-415-2326 or Brenda Usilton at 301-415-2348.

Sincerely,

***/RA/***
