Mr. William A. Passetti, Chief
Bureau of Radiation Control
Department of Health
Bin C21
4052 Bald Cypress Way
Tallahassee, FL 32399-1741

Dear Mr. Passetti:

As requested, we have reviewed the proposed regulations, Control of Radiation Hazard Regulations, published in the Florida Administrative Weekly on June 2, 2000. The proposed regulations are in response to the 10 amendments identified in the enclosed Regulation Assessment Tracking System (RATS) Data Sheet. The regulations were reviewed by comparison to the equivalent NRC regulations in 10 CFR Parts 20, 30, 35, 36, 40, 61, 70, 71 and 150. We also discussed our review of the regulations with you on October 23, 2000.

We have reviewed the final Florida regulations which became effective on May 18, 1998. The regulations were sent to us in a letter dated June 5, 2000, by Michael Stephens, Environmental Administrator. The final regulations are in response to the five amendments identified in the enclosed RATS Data Sheet. The regulations were reviewed by comparison to the equivalent NRC regulations in 10 CFR Parts 19, 20, 30, 34, 35 and 61. In addition, we reviewed our March 12, 1998 letter to you that addressed the proposed regulations. For completeness, we reviewed the earlier proposed regulations. We discussed our review in an e-mail on June 9, 2000.

As a result of our review, we have no comments on the proposed and final regulations. Please note that we limited our review to regulations required for compatibility and/or health and safety. Under our current procedure, a finding that a State regulation meets the compatibility and health and safety categories of the equivalent NRC regulation may only be made based on a review of the final State regulation. However, we have determined that if your proposed regulations were adopted without significant change, they would meet the compatibility and health and safety categories established in the Office of State and Tribal Programs (STP) Procedure SA-200.

We request that when the proposed regulations are adopted and published as final regulations, a copy of the "as published" regulations be provided to us for review. As requested in STP Procedure SA-201, *Review of State Regulations*, please highlight the final changes and send one copy in a computer readable format, if possible.

We have also summarized on the RATS Data Sheet our knowledge of the status of other Florida regulations. Please let us know if you note any inaccuracies or have any comments on the information contained in the RATS Data Sheet.

William A. Passetti

Sincerely,

/RA/
