In the Matter of
Private Fuel Storage L.L.C.
(Independent Spent Fuel Storage Installation)
Docket No. 72-22-ISFSI

Dear Ms. Chancellor:

Enclosed please find a copy of documents in the possession of the NRC staff ("Staff") which may be responsive to (a) the "State of Utah's Ninth Set of Discovery Requests Directed to the NRC Staff," and/or (b) the "State of Utah's First Set of Discovery Requests Directed to the NRC Staff," concerning Contention Utah K (Inadequate Consideration of Credible Accidents). Also enclosed is a list of potentially responsive documents that are being withheld as privileged or otherwise exempt from disclosure under 10 C.F.R. § 2.790. In the event that any further documents responsive to the State's discovery requests are identified, they will be identified or forwarded promptly to the State.

Documents relating to Utah Contention K that are in the docket of the Private Fuel Storage ("PFS") proceeding (including legal correspondence, pleadings, Orders, license application submittals, and licensing-related correspondence), are not identified herein. Those materials should already be in the State's possession, due to the State's participation as a party in the PFS proceeding and its inclusion on the PFS and Staff service lists.

Please forward a check to me, payable to the United States Nuclear Regulatory Commission, in the amount of \$1.20 for copying costs.

Sincerely,

Catherine L. Marco/*RA*
Counsel for NRC Staff
