SUBJECT: REQUEST FOR TEST DATA TO SUPPORT AP1000 PRE-APPLICATION  
REVIEW, SEPTEMBER 7, 2000

Dear Mr. Cummins:

I am responding to your letter requesting experimental data generated by the NRC Office of Nuclear Regulatory Research. The subject data were produced from confirmatory test programs funded by the NRC in support of the AP600 design certification effort. As you know, this information was designated at the time as proprietary, solely at the direction of Westinghouse. The NRC has, therefore, withheld it from public disclosure. In the referenced letter, Westinghouse has now asked NRC to release the experimental data only to Westinghouse.

The staff has not budgeted resources to collect the requested experimental data in a form requested by Westinghouse. We, therefore, ask that Westinghouse contact Information Systems Laboratories, Inc., (ISL), and contract with them directly to retrieve the information you requested. NRC will authorize ISL to release the requested data should Westinghouse wish to pursue this activity. Please contact Mr. David Bessette at (301) 415-6763 for further details.

Sincerely,
