Mr. Stanley R. Marshall, Supervisor  
Radiological Health Section  
Bureau of Health Protection Services  
Nevada State Health Division  
1179 Fairview Drive, Suite 102  
Carson City, NV 89701-5405

Dear Mr. Marshall:

I am responding to your May 25 and June 27, 2000 e-mails to Mrs. Linda McLean regarding your request for an extension of intended completion of regulation adoption to September 30, 2001. You requested an extension due to the administrative constraints of Nevada's rulemaking system.

Under implementing procedures for the new Policy Statement on Adequacy and Compatibility of Agreement State Programs, Agreement States were requested to adopt Commission regulations for purposes of compatibility or health and safety by September 3, 2000. We have little flexibility to grant an extension to this due date given that it is explicitly stated in implementing procedures that were approved by the Commission [Management Directive 5.9, Handbook, Part VI (E)]. Therefore, we are not accepting your request for an extension.

As requested, we have summarized on the Regulation Assessment Tracking System (RATS) Data Sheet our knowledge of the status of Nevada regulations and included regulations that must be adopted through May 17, 2003. Please let us know if you note any inaccuracies or have any comments on the information contained in the RATS Data Sheet.

If you have any questions concerning our response, please contact me or Kevin Hsueh at (301) 415-2598 or [KPH@NRC.GOV](mailto:KPH@NRC.GOV). We apologize for our delay in responding to your request.

Sincerely,

*/RA/*

Paul H. Lohaus, Director  
Office of State and Tribal Programs

Enclosure:  
As stated

Stanley R. Marshall
