In the Matter of
MOLYCORP, Inc.
(Site Decommissioning Plan - Part 1)
Docket No. 40-8778-MLA-2
ASLBP No. 00-775-03-MLA

Dear Administrative Judges:

The NRC Staff has reviewed Canton Township's motion, dated October 12, 2000, in which Canton seeks an extension of its October 27, 2000, deadline to submit a revised statement of areas of concern regarding Part 1 of Molycorp's Site Decommissioning Plan. The deadline is currently being held in suspension pending the Staff's response. The Staff has no objection to the extension requested by Canton, which would extend the deadline until 30 days after the Agency for Toxic Substances and Disease Registry issues its final report concerning its public health assessment of Molycorp's Washington, Pennsylvania facility. If Canton's motion is granted, the Staff requests that its date for responding to the revised areas of concern be specified as three weeks from whenever Canton submits its revised concerns.

Sincerely,

John T. Hull */RA/*
Counsel for NRC Staff
