SUBJECT: Waiver Request - Six Months on Site Time

Dear Mr. Blind:

As documented in Mr. J. Baumstark's letter, dated June 20, 2000, he requested a waiver of the six months onsite time for two individuals enrolled in your Senior Reactor Operator (SRO) Training Program. Mr. Baumstark's request for this waiver of onsite time sequencing was based upon the fact that the two individuals were recently hired and were unable to complete the onsite time requirement prior to commencement of the SRO training program. He also stated that upon successful completion of the NRC license examination, these two individuals would complete the six months onsite time prior to license issuance.

Upon further review and assistance from NRR, this letter is to notify you and Mr. Baumstark that your waiver request for the sequencing of the six months onsite time for these two individuals has been granted. Following successful completion of the NRC examination, the licenses will be withheld pending completion of the six months on site time requirement.

Should you have any further questions regarding this matter, please feel free to contact me at (610) 337-5183 or email at RJC @ nrc.gov.

Sincerely,

/RA/

Richard J. Conte, Chief
Operational Safety Branch
Division of Reactor Safety
