Mr. A. Alan Blind  
Vice President - Nuclear Power  
Consolidated Edison Company of  
New York, Inc.  
Indian Point 2 Station  
Broadway and Bleakley Avenue  
Buchanan, NY 10511

SUBJECT: FINAL SIGNIFICANCE DETERMINATION AND NOTICE OF VIOLATION -  
NRC INSPECTION REPORT NO. 05000247/2000-006 (REPLY)

Dear Mr. Blind:

This letter refers to Consolidated Edison's Reply to Notice of Violation, Emergency Preparedness Program, dated September 8, 2000, in response to Inspection Report 05000247/2000-006 dated July 14, 2000, and Final Significance Determination and Notice of Violation dated August 9, 2000. The Notice of Violation indicated three white findings associated with the Emergency Preparedness Program. The Reply to Notice of Violation meets the requirements of 10 CFR 2.201 and the schedule for achieving full compliance is acceptable.

The NRC staff notes that your reply did not address the extent of conditions regarding potential program problems with planning standards other than those cited. We noted, however, during our inspection the week of October 2, 2000, that you have completed this type of review for all sixteen planning standards. We plan to perform a supplemental inspection to provide assurance that corrective actions are sufficient to address the root and contributing causes, and to prevent recurrence, currently scheduled as part of the 95003 inspection, beginning in January 2001.

In accordance with 10 CFR 2.790 of the NRC's "Rules of Practice," a copy of this letter and its enclosure will be available electronically for public inspection in the NRC Public Document Room or from the Publicly Available Records (PARS) component of NRC's document system (ADAMS). ADAMS is accessible from the NRC Web site at <http://www.nrc.gov/NRC/ADAMS/index.html> (the Public Electronic Reading Room).

Mr. A. Alan Blind
