Subject: Ed Davis to meet with Commissioners on 2/2/00

SFPO Managers:

FYI, NAC has informed me that Ed Davis (NAC President and CEO) has meetings scheduled with three, and possibly four, of the NRC Commissioners on Wednesday, February 2, 2000. Tom Thompson informed me, and doesn't know the specific planned topics of the meetings, but expected them to be higher-level discussions of the licensing process, industry (especially NAC) support of the objectives of the process, and the need for continued staffing of the SFPO.
