Dear Sir:

Entergy Nuclear Operations, Inc. (ENO) has updated the distribution lists for correspondence from the USNRC to ENO to reflect the recent transfer of the Indian Point 3 and James A. FitzPatrick operating licenses. A copy of these lists are attached for your use (Attachments 1 through 4). A total of four lists (two for each plant) are attached. Note that the distributions

specified for correspondence from the USNRC Office of Reactor Regulation (NRR) differ from those specified for the USNRC's Region I Offices relative to the addresses.

As detailed in the amended operating licenses (References 1 and 2), Entergy Nuclear Operations, Inc. is licensed to possess, use and operate both Indian Point 3 and FitzPatrick. Consequently, future legal correspondence, including license amendments, exemptions, safety evaluations, etc. should refer to the licensed operator - Entergy Nuclear Operations, Inc., or ENO.

There are no new commitments made in this letter. If you have any questions, please contact Ms. Charlene Faison at 914-272-3378.

Very truly yours,

Michael R. Kansler
