It's FYI, in other words, if you had a reason to join or want to talk to NAC, this is an opportunity.

Tim-

What does this mean for me?

The following appointment was sent to Earl, Wayne, Ron and Don:

Tuesday, 7/11 at 1:00 p.m. NAC has withdrawn their request for a meeting for timeliness and availability of personnel reasons.

Intended to be a technical exchange regarding the applicant's understanding of the questions, and their planned approach to solving the issues.

Earl, Ron had requested Don Carlson to help with the question on using the average planar enrichment (vice lowest enrichment) for PWR variably enriched assemblies. Don will be on leave. I don't want to leave Ron unassisted, would you please consider arranging a pinch-hitter for Don?

Thanks, Tim
