Ref: FRR-5 Irradiated Reactor Fuel Transport

Dear Ms. Bennington:

In accordance with CFR Title 10, part 73.37, we hereby make notification to your office of an upcoming shipment of irradiated reactor fuel.

"The Blue Sky"

The shipment will consist of one cask from the Direccion Nacional de Tecnologia Nuclear (DINATEN). The vessel "SKYBIRD" will be utilized for this shipment. The fuel will depart from Montevideo and will be loaded aboard the vessel at Montevideo, Uruguay on or about September 8, 1998. The vessel will proceed toward the Naval Weapons Station (Weapons Station) in Charleston, SC and is scheduled to arrive Charleston on or about October 1, 1998.

The cargo will be discharged at the Weapons Station on or about October 1, 1998. The cargo will then be transported by rail with CSX Transportation on the same date, in accordance with an NRC approved route, to the U.S. Department of Energy, Savannah River Site in Aiken, SC. The cargo is due to arrive at the destination on or about October 1, 1998.

In the event of changes to the above schedule, we will give your office advanced telephone notification. We confirm that the governor's designee for the State of South Carolina will be notified in accordance with 10 CFR 73.37. Please note that the schedule information contained in this letter must be protected in accordance with the provision of 10 CFR part 73.21.
