Subject: Portable Nuclear Guage Technician Certification

Russell Halberg,

You ask in your letter dated 11/19/00, how you may replace your Portable Nuclear Guage Technician Certification. I assume you are trying to obtain a copy of your previous certification at Engineering Consulting Services of Greenville, SC.

Of course the most obvious way is to contact Engineering Consulting Services and ask them for a copy of your training certificate. If that is not possible you could contact the training provider, you indicated as Boat/Longyear Company in Charlotte, NC, and ask them for a duplicate copy. Your last option would be to contact the State of SC and see if they could provide a copy to you, provided it is in the licensing file for Engineering Consulting Services. SC can be reached at 803-896-4242 or email: autryvr@columb34.dhec.state.sc.us

Sincerely,

Anthony S. Kirkwood, Health Physicist
