SUBJECT: FY2001 SYNCOR INSPECTION SCHEDULE

In accordance with Policy and Guidance Directive PG 1-24, the following is the Syncor inspection schedule for the remainder of FY2001. For inspection related work, the project manager is Jeffrey Cruz of my staff. Please contact Mr. Cruz at 817-860-8164 (e-mail JXC2) for inspection report numbers, scheduling changes, and any other inspection related matters involving Syncor.

For FY2001, Region IV requests that an area of emphasis during inspections would involve the effectiveness of Syncor's internal audit programs as they relate to the self-identification of potential violations and the corrective actions implemented as a result. The documentation of non-cited violations identified during NRC inspections will be tracked and trended by Region IV to evaluate these programs.
