Two Rivers, WI 54241

SUBJECT: KEWAUNEE NUCLEAR POWER PLANT - WITHDRAWAL OF AMENDMENT
REQUEST NO. 160, (TAC NO. MA8586)

Dear Mr. Reddemann :

Wisconsin Public Service Corporation (WPSC) submitted letters dated June 7, 1999, and February 4, 2000, and Nuclear Management Company, LLC (NMC) submitted a letter dated September 26, 2000, requesting a license amendment and exemptions. WPSC was succeeded by NMC, as the licensed operator of the Kewaunee Nuclear Power Plant (KNPP). By letter dated October 5, 2000, NMC (the licensee) requested the Nuclear Regulatory Commission (NRC) staff continue to process and disposition licensing actions previously docketed and requested by WPSC.

By letter dated June 7, 1999, as supplemented on February 4 and September 26, 2000, you applied for an amendment to the Kewaunee Nuclear Power Plant Operating License No. DPR-43. The proposed change would have modified the facility technical specifications pertaining to the existing KNPP reactor pressure vessel (RPV) pressure-temperature (P-T) limit curves. Subsequently, by letter dated December 18, 2000, you withdrew the amendment request; however, you did not withdraw the exemption requests. The exemption requests are being handled separately.

The Commission has filed the enclosed Notice of Withdrawal of Application for Amendment to Facility Operating License with the Office of the Federal Register for publication.

Sincerely,

/RA/

John G. Lamb, Project Manager, Section 1
Project Directorate III
Division of Licensing Project Management
Office of Nuclear Reactor Regulation

Docket No. 50-305

Enclosure: Notice of Withdrawal

UNITED STATES NUCLEAR REGULATORY COMMISSION

NUCLEAR MANAGEMENT COMPANY, LLC

DOCKET NO. 50-305

NOTICE OF WITHDRAWAL OF APPLICATION FOR

AMENDMENT TO FACILITY OPERATING LICENSE

The U.S. Nuclear Regulatory Commission (the Commission) has granted the request of Nuclear Management Company, LLC (the licensee) to withdraw the June 7, 1999, as supplemented February 4, and September 26, 2000, application for proposed amendment to Facility Operating License No. DPR-43 for the Kewaunee Nuclear Power Plant, located in Kewaunee County, Wisconsin.

The proposed amendment would have revised the Kewaunee Nuclear Power Plant Technical Specifications for the facility's reactor pressure vessel Pressure-Temperature limit curves.

The Commission had previously issued a Notice of Consideration of Issuance of Amendment published in the FEDERAL REGISTER on November 15, 2000 (65 FR 69061). However, by letter dated December 18, 2000, the licensee withdrew the proposed amendment change, but the licensee did not withdraw the exemption requests in the submittals dated June 7, 1999, as supplemented February 4, September 26, and December 18, 2000. The exemption requests are being processed separately.

For further details with respect to this action, see the application for amendment dated June 7, 1999, as supplemented February 4, and September 26, 2000, and the licensee's letter dated December 18, 2000, which withdrew the application for license amendment. Documents may be examined, and/or copied for a fee, at the NRC's Public Document Room, located at One White Flint North, 11555 Rockville Pike (first floor), Rockville, Maryland, and accessible

electronically through the ADAMS Public Electronic Reading Room link at the NRC Web site (<http://www.nrc.gov>).

Dated at Rockville, Maryland, this 21st day of December 2000.

FOR THE NUCLEAR REGULATORY COMMISSION
