Subject: Comments Concerning "Enforcement Actions: Significant Actions Resolved"
(65FR43383-43384, dated July 13, 2000)

Dear Sir/Madam:

This letter is being submitted in response to the Nuclear Regulatory Commission's (NRC) request for comments concerning "Enforcement Actions: Significant Actions Resolved." The request for comments was published in the Federal Register on July 13, 2000 (65FR43383-43384). The NRC intends to use the website to communicate a consolidation of paper document, NUREG-940. The NRC is taking action because this material is now available electronically on the NRC website.

PECO Energy appreciates the opportunity to comment on NUREG-940. PECO Energy agrees with the NRC's recommendation to eliminate the NUREG-940 publication as it is redundant to other current communication techniques.

If you have any questions, please do not hesitate to contact us.

Sincerely,

James A. Hutton, Jr.
Director - Licensing
