Mr. Paul S. Schmidt, Manager
Radiation Protection Section
Division of Environmental Health
Department of Health and Family Services
P.O. Box 2659
Madison, WI 53701-2659

Dear Mr. Schmidt:

To assist us in the development of planning assumptions to support our Fiscal Year 2002 and 2003 budgets and to support your request for an agreement we are requesting updated information regarding your plans to enter into an Agreement with the Nuclear Regulatory Commission (NRC). (We request an update at six-month intervals.) In particular, we need your target date for submitting a complete draft application package for NRC staff review.

I have enclosed a projected schedule for processing of the Wisconsin Agreement to assist you in planning. This schedule was prepared based on Appendix C-1 of STP Procedure SA-700, "Processing an Agreement," which can be viewed at the STP website at www.hsr.d.ornl.gov/nrc/procedures/sa700.pdf. Our projections show that in order to achieve an September 2003 effective date, you should submit a draft application to this office by early August 2002.

We plan to use a two-step process to review your request for an Agreement. We expect to provide you the results of our completeness review six weeks after receipt of your draft application. Assuming there are no major unresolved issues, our formal assessment process, including opportunities for public comment, should be complete within nine months of receipt of the governor's formal request. The Agreement is usually made effective one month following the date of approval or signature to provide for an orderly transition in regulatory authority (e.g., to transfer license and inspection files).

Please review the projected schedule and inform us whether you expect to prepare and submit a complete draft application by early August 2002. If you have any questions concerning our projections and process, please contact me at (301) 415-2325 or Mr. Lloyd Bolling of my staff at (301) 415-2327 or Internet: LAB@NRC.GOV.

Sincerely,

/RA/ by James H. Myers for
