SUBJECT: PEACH BOTTOM ATOMIC POWER STATION, UNITS 2 AND 3 - ISSUANCE OF CONFORMING AMENDMENT RE: TRANSFER OF LICENSES FOR PEACH BOTTOM ATOMIC POWER STATION, UNITS 2 AND 3, TO THE EXTENT HELD BY DELMARVA POWER AND LIGHT COMPANY, TO PECO ENERGY COMPANY AND PSEG NUCLEAR LLC (TAC NOS. MB0839 AND MB0840)

Dear Mr. Hutton:

By application dated December 21, 1999, as supplemented February 11, March 2, and March 16, 2000, PECO Energy Company (PECO), PSEG Nuclear LLC (PSEG Nuclear), Atlantic City Electric Company (ACE), and Delmarva Power and Light Company (DP&L) requested U.S. Nuclear Regulatory Commission (NRC) approval to transfer Facility Operating Licenses Nos. DPR-44 and DPR-56 for the Peach Bottom Atomic Power Station (PBAPS), Units 2 and 3, to the extent the licenses are held by ACE and DP&L, to PECO and PSEG Nuclear. The application also requested NRC approval of conforming license amendments. On April 21, 2000, the NRC issued an Order approving the transfer. This Order, with an expiration date of December 31, 2000, was premised in part on the DP&L and ACE transfers occurring concurrently. The Order also approved conforming license amendments, to be issued at the time the transfers were completed.

On October 10, 2000, PECO submitted an application that notified the NRC of developments that have changed the schedule for closing the ACE and DP&L transactions, and requested NRC approval of revised operating license amendments consistent with independent transfers of the minority ownership interests held by DP&L and ACE in two phases. The application requested the NRC to modify prior conditions of approval concerning decommissioning fund amounts to be transferred to be consistent with the transfers occurring in two phases, and to extend the expiration date of the April 21, 2000, Order to December 31, 2001. The application also requested that the NRC issue other approvals that may be necessary to allow the transfers to occur in two phases.

By Order dated December 27, 2000, the NRC supplemented the April 21, 2000, Order and expressly approved the transfer of the Peach Bottom licenses, to the extent they are held by DP&L and ACE, to PECO and PSEG Nuclear to occur in two phases, with DP&L transferring its ownership interests independently of ACE.

In a letter dated December 28, 2000, DP&L notified the NRC that the closing of the license transfer for Peach Bottom was anticipated to occur on December 29, 2000, and that all regulatory approvals have been obtained to the extent necessary to proceed.
