RE: AMENDMENT REQUEST TO NR-0154-D-101-S REGISTRATION CERTIFICATE

Dear Mr. Sletten:

This is in response to your letter dated December 18, 2000, requesting to deactivate NR-0154-D-101-S registration certificate for dual energy gamma ray gauge Model DEG.

In order for this registration certificate to be transferred to inactive status, please provide the following information:

1. The total number of the products sold and the number of products still in use;

2. The service (including source replacement and availability) the registration certificate holder will still provide to the users of the product or the identification of an entity that will provide services;

3. A commitment that the registration certificate holder will no longer commercially distribute the product; and

4. Verification that no changes were made to the product since its initial registration or last amendment.

Please submit the requested information within 30 days of the date of this letter, or provide a written request for extension along with justification of the extension and a time frame for response. If you have any questions, please contact me at (301) 415-5787, or send e-mail to sjl@nrc.gov.
