MEMORANDUM TO: SFPO Staff Members

FROM: E. William Brach, Director */RA/*
Spent Fuel Project Office, NMSS

SUBJECT: ISSUANCE OF SFPO DIRECTOR'S INTERIM STAFF
GUIDANCE DOCUMENT NO. 15

Attached for your use and information is the Spent Fuel Project Office (SFPO) Director's Interim Staff Guidance Document No. 15 (ISG-15), "Materials Evaluation." This interim staff guidance concerns the performance of a materials evaluation as part of a review of a dry cask storage system or transportation package application. This ISG is to be used in conjunction with NUREG-1536, "Standard Review Plan for Dry Cask Storage Systems," NUREG-1567, "Standard Review Plan for Spent Fuel Dry Storage Facilities," NUREG-1609, "Standard Review Plan for Transportation Packages for Radioactive Material," and NUREG-1617, "Standard Review Plan for Transportation Packages for Spent Nuclear Fuel."

This document is being provided to ensure consistent reviews by the SFPO staff. If you have any comments or questions about the attached guidance document, please contact your immediate supervisor.

Attachment: Interim Staff Guidance Document No. 15, "Materials Evaluation"
