- 6) NEDO-32408 Model 2000 Radioactive Material Transport Package MTR-Type Fuel Divider and Tower Shielding Reactor Fuel Basket Safety Analysis Report.
- 7) Letter, C. Hamilton, GENE, to A. Hansen, USNRC, Submittal of Consolidated Application, Model 2000 Radioactive Material Transport Packaging, Docket Number 71-9228, dated December 11, 2000.

Dear Mr. Hansen:

On June 2000, GE Nuclear Energy (GENE) requested Timely Renewal of the Model 2000 Package Certificate [1] that expired July 31, 2000, with the expectation to submit a consolidated application within the following months [2].

On December 11, 2000, copies of three of four volumes [3 through 5] of a consolidated Model 2000 Package Safety Analysis Report were submitted [7]. The purpose of this submittal is to forward the fourth volume [6] and to provide new copies of the third volume [3]. The third volume in this submittal contains color photographs. Please destroy the previously submitted third volume.
