Patty,

GT 00-155 was held open with a commitment to forward a copy of the Director's Decision on the IP2 2.206 petition to Congresswoman Lowey. Per the attached e-mail, a copy of the decision was provided to Congresswoman Lowey's office via courier, and her office has indicated to OCA that they have the information and don't need a followup letter. Based on this information, the commitment in the previous correspondence has been met. Therefore, GT 00-155 may be closed.

Please contact me if you have any questions.

Thanks,
Bob

I don't know if this will have any impact on your consideration of my earlier question, but in looking over the previous correspondence in which these commitments were made, it looks like most of the prior letters were signed by the RA.

Bob

Joe/Tom,

We had previously committed in numerous stakeholder letters (Congressional, State Assembly, local officials) to forward copies of the Decision on the 3/14/00 UCS, et al Petition when completed to said stakeholders. I'm preparing a brief letter to do so. Our thinking is that these could be signed at Division Director level, but I wanted to get your opinions on who should sign since many of these commitments were made in letters signed by EDO/Chariman. Appreciate any input you may have.

Thanks,
Bob
