Gentlemen:

**SUBJECT: V. C. SUMMER NUCLEAR STATION
DOCKET NO. 50-395
OPERATING LICENSE NO. NPF-12
LICENSE REQUALIFICATION TRAINING PROGRAM**

Stephen A. Byrne
Vice President
Nuclear Operations
803.345.4622

South Carolina Electric and Gas Company for the Virgil C. Summer Nuclear Station requests approval to change the cycle dates for the two-year requalification training program required by 10 CFR55.59. This change is requested due to the impact an extended plant outage has had on the current Licensed Operator Requalification Program. The present requalification training program cycle started June 1, 1999 and is scheduled to end May 31, 2001. V. C. Summer Nuclear Station requests approval for the following changes:

- end the present cycle on August 31, 2001,
- begin a new two-year cycle on September 1, 2001, continue for 24 consecutive months, and end on August 31, 2003,
- continue successive two-year requalification cycles with September 1 as the start date and August 31 as the end date,
- conduct annual exams during the requalification period beginning in July 2001, and ending in August 2001.

If you have any questions, please contact Rusty Quick at (803) 931-5091.

Very truly yours,

Stephen A. Byrne
