Recordkeeping retentions are in accordance with standard record retention periods.

Search of the Information Requirements Control Automated System (IRCAS):
IRCAS was searched on February 24, 2000. No duplication was found.

Abstract:
Voluntary customer satisfaction surveys will be used to contact users of NRC services and products to determine their needs, and how the Commission can improve its services and products to better meet those needs. In addition, focus groups will be contacted to discuss questions concerning those services and products. Results from the surveys will give insight into how NRC can make its services and products cost effective, efficient, and responsive to its customer needs. Each survey will be submitted to OMB for its review.
